CONGRESSMAN
Randy Hultgren

PROUDLY REPRESENTING THE 14TH DISTRICT OF ILLINOIS

Home | About Randy | Serving You | News | Legislative Work | Our District | Contact

Northern Illinois is still hurting for jobs, and the economy definitely isn't 'fine'.

"Our family is a bare bones operation. We cut out almost anything that wasn't a need. We have only one car. Aside from Netflix we do not purchase entertainment (outings and vacations included). It can be a challenge to live paycheck to paycheck. This is not our preference, but when there isn't another choice we do what we have to do. We avoid credit cards as much as possible. If you need advice for how to cook healthy meals for a family of 5 with \$50 a week let me know."

--Elisabeth from Montgomery on how the economy is affecting her family

So why are Republicans focusing on red tape and taxes?... At least 65 percent of new jobs come from small businesses.

- [74 percent of small businesses say](#) the recent health care law makes it harder for their business to hire more employees.
- According to a [recent Gallup poll](#), regulations are now small business owners' #1 concern, followed by consumer confidence in the economy and thirdly, lack of consumer demand.
- 75 percent of small businesses [are structured as pass-through entities](#) (S corporations, limited liability companies, sole proprietorships or partnerships) that must pay tax on their business income at the individual rate.

The scheduled tax increases on small business will destroy jobs during the worst employment crisis since the Great Depression. It's time to stop the tax hike that the President is advocating for.

[Join the conversation on Twitter](#)- it's time to #stopthetaxhike.
